

City of Cardboard

INTRO

E G#m
E G#m

VERSE 1

E G#m
Fibers in the light of a projector, catch fire
E G#m
Wolf in the front yard, look out from your door and admire
C#m G#m
Drink your tea with sympathy while organized chaos awaits
F#m G#m - G#
Because I've told you in the past, but it never seems to resonate

CHORUS 1

F#m C#m
When there's a wolf at your door, don't just try and ignore
G# C#m
All of the things outside your city of cardboard
F#m C#m
One day it'll burn and the lesson you'll learn
G#m G#
Is your paper holds nothing but words and records

INTERLUDE

E G#m

VERSE 2

E G#m
The music is within his hands and his heart
E G#m
And in his mind, all of the planets are marbles in the stars
C#m G#m
But this game of pretending is so apprehending these days
F#m G#m - G#
And all of your time is spent comprehending this game

CHORUS 2

F#m C#m
When there's a wolf at your door, don't just try and ignore
G# C#m
All of the things outside your city of cardboard
