VERSE 1

Bm F#m
Monday morning spent the night conforming
Bm F#m
To a Tuesday's preparation pace
Bm F#m
Wednesday showed me to the girl Naomi
C# D
With the black hair obscuring her face
Bm F#m
Thursday had a tangerine taste lingering
Bm F#m
Like old sweat clinging to your shoes
Bm F#m
Though the daylight's curtains close, these memories
C# D
Still falter from daily abuse

CHORUS 1

A G F#
Don't cut me down
F# - G - G# A G F#
Just cause your voice is loud
F#-G-G# A G F#
It doesn't mean a thing
F# - G - G# - A G F#
If your pendulum won't swing

VERSE 2

Bm F#m
Friday got into a fight, they didn't last
Bm F#m
A chance against her in the end
Bm F#m

Why give everything you've got when all you have

C# D

To do is just simply pretend

Bm F#m

Wrap this all around your shoulders, like a spool of

Bm F#m

Wire to fuel your circuit dreams

Bm F#m

Spend your life conducting one false light

C# D

And you will feel like another machine

CHORUS 2

A G F#

Don't cut me down

F# - G - G# A G F#

Just cause your voice is loud

F#-G-G# A G F#

It doesn't mean a thing

F# - G - G# - A G F#

If your pendulum won't swing

VERSE 3

Bm F#m

Sunday's just another Monday, tinged with

Bm F#m

A procrastinator's frantic fear

Bm F#m

No regrets until the weekend ends,

C# D (stop)

I'll just change myself at the new year

CHORUS 3

A G F#

Don't cut me down

F# - G - G# A G F#

Just cause your voice is loud

F#-G-G# A G F#

It doesn't mean a thing

F# - G - G# - A G F#

If your pendulum won't swing
