

### Verse 1

C# F#  
I'm going back to where I lost it all  
C# F#  
To renovate and overhaul  
Bm F#  
Cause I can't fix what I'm not looking at  
C# F#  
So I've got my coffee and my tank of gas

### Prechorus

Ebm  
I've gotta stand in the middle of it,  
F#  
If I ever wanna rise above it  
G#  
I gotta drive to the heart of it

### Chorus

F# G#  
Yes, yes  
C# Bm  
It's gonna leave me a mess  
F# G# C# F  
But looking back just brings me down  
F# G# C# Bm  
I've built it up when it was all just meaningless  
F# G# C# Bm  
Like it's some kind of sacred ground  
F# G# C#  
Sometimes a town is just a town

### Verse 2

I can see the skyline is taking shape  
There's the place I'd wrapped in yellow tape  
My old haunts still line the empty street  
Cause leaving home just left me incomplete

### Prechorus

For years I've been hearing the call of it  
Now I'm waiting for a bomb to fall on it  
Back here where I lost all of it

### Chorus

Yes, yes

It's gonna leave me a mess  
But looking back just brings me down  
I've built it up when it was all just meaningless  
Like it's some kind of sacred ground  
Sometimes a town is just a town

### **Bridge**

F#.  
Every time we ever left the light on  
C#  
Maybe we were just afraid of the dark  
F#  
Maybe we were just afraid of each other  
C#  
And the cycle of a changing heart  
G#  
Sometimes a light is just a light  
BiSometimes a fight is a fight

Solo

### **Chorus**

F# G#  
Yes, yes  
C# Bm  
It's gonna leave me a mess  
F# G# C# F  
But looking back just brings me down  
F# G# C# Bm  
I've built it up when it was all just meaningless  
F# G# C# Bm  
Like it's some kind of sacred ground  
F# G# C#  
Sometimes a town is just a town
